TASK MANAGEMENT CARDS

Bring Agile Task Management to Life

See the work. Align the team. Improve the flow.

Visual task boards are at the heart of Lean, Agile, Scrum and Kanban methodologies. They help teams prioritise work, improve collaboration and keep projects moving forward.

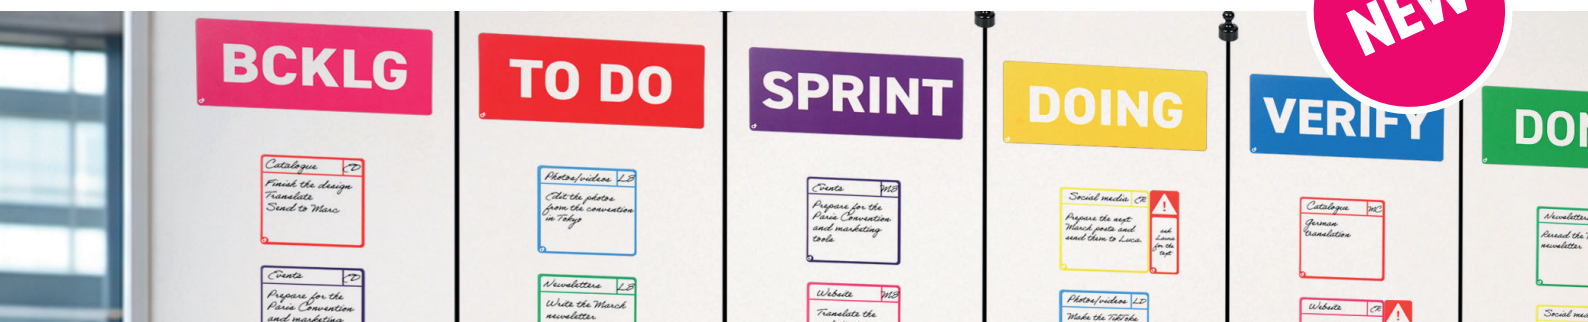

With **Djois Magnetic Task Cards and board kits**, creating professional, reusable task & project management boards has never been easier. Our kits give your team the tools to stay organised, focused, and efficient.

- **For Agile methodologies** - Scrum, Kanban or hybrid.
- **All-in-one solution** - everything you need to build your Agile board.
- **Fully magnetic cards** - strong hold on any metal surface (not suitable for magnetic glass boards).
- **Matte, non-reflective finish** - easy to read from any angle.
- **Reusable** - dry/wet erasable and easy to clean.
- **Color-coded system** - organise tasks at a glance.
- **Flexible layout** - adjustable dividers fit boards up to 1.5 m.
- **Structured writing space** - title, owner/date, and details spaces on every card.
- **Clean and precise writing** - fast-drying, smudge-resistant markers (compatible with whiteboard/non-permanent markers only).
- **Easy editing** - marker with built-in eraser + microfiber cloth.
- **Expandable system** - refill title and card packs available.
- **To be used by everyone everywhere** - suitable for teams of any size or industry, in office or industrial settings.

BENEFITS

- Adapt to any methodology

Magnetic Title Cards

Modern organisations need clear, flexible and collaborative ways to manage work. Our set of printed/personalisable magnetic title cards will help teams setup tailored visual task management boards so you can stay aligned, organised and productive every step of the way.

Function:

Backlog: Where all ideas, requests and upcoming work are captured before prioritisation.

To Do: Prioritised tasks ready to be picked up by the team.

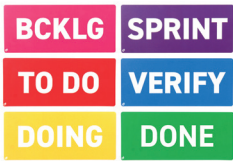

Sprint: Selected tasks to be completed within a defined Scrum cycle.

Doing: Work currently in progress and actively being completed.

Verify: Finished work undergoing testing, review or stakeholder validation.

Done: Successfully completed work that meets the agreed requirements.

Personnalised: to adapt a board to custom workflows, specific processes, hybrid methods, etc.

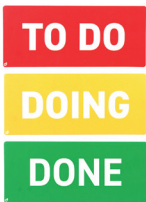

MAGNETIC TITLE CARDS, SCRUM,
